

How can I get access to use ACE Express Umbrella?

To use ACE Express Umbrella, a producer has to be appointed by ACE USA and the Excess Casualty unit. To start the appointment process, please contact your regional ACE office. Your regional ACE office can be located on our home page at www.aceusa.com or send us your request to expressumbrella@acegroup.com.

We will then have the appropriate representative contact you to discuss your appointment. Please note that being an ACE Appointed Producer is only part of the process. Your firm is also required to be appointed by ACE USA Excess Casualty to be given access to the ACE Express Umbrella platform. Once your firm is appointed, your ACE Express representative will arrange a meeting and training for you to start using the system.

I am not interested in an appointment at this time but I still need a quote?
What do I do?

If your firm is not an ACE appointed producer and you still would like a quote, you may access a quote from our platform by using NewMarkets Agency. Please contact:
