This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" caused by, resulting from, arising out of or related to, in whole or in part, threatened or alleged exposure to, inhalation of, presence of, ingestion of, or absorption of fumes, vapors, dust, residue, smoke, soot, gases, chemicals, radiation or radioactive material, particles or particulate matter arising from:

- a. Welding operations, including but not limited to welding, brazing, soldering, thermal spraying or cutting; or
- b. Welding or cutting equipment, including but not limited to rods, electrodes, wire or similar product, welding consumables, base metals and any coatings present on the base material; or
- c. Any supervision, instructions, recommendations, warnings or advice given or which should have been given in connection with a. or b. above.

The addition of this endorsement does not imply that other policy provisions, including but not limited to any pollution exclusion, do not also exclude coverage for such "bodily injury," "property damage," or "personal injury and advertising injury" as may arise in relation to a., b., or c. above.

All other terms and conditions of this policy remain unchanged.
